

Possible shopping basket adjustments

Joachim Ulbrich - 2024-10-07 - Login & ordering

The offer in the order shop will be agreed with your employer in advance of the campaign. We ask for your understanding that due to the large number of products and configuration options, we cannot fulfil all individual requests. Unfortunately, short-term changes to the shopping basket during the order promotion are only possible in the event of special market changes. In this case, we will inform you accordingly.
