When will I receive the return label?

Lorena Giresi - 2026-06-02 - [End of contract & acquisition](#)

The return documents, including the address and label, will be sent by email three weeks before the end of your usage period.

If you decide to return the item a few days before or after the end of your usage period, you will receive the return documents, including the address and label, the following day.

Please contact us if you need these documents sooner.
